MEMORANDUM

TO: Rapid City Public Works Committee

FROM: Patsy Horton, Transportation Planning Coordinator

DATE: November 20, 2003

RE: Intelligent Transportation System (ITS) Master Plan for Integration Strategies

Attached for your review is a copy of the Intelligent Transportation System (ITS) Master Plan for Integration Strategies. Brian Scott with SRF Consulting Group will be making a brief presentation at the November 25, 2003, Public Works Committee meeting, and we will be asking for your acceptance of this study. The Final Draft Report was discussed and received preliminary approval at a public hearing before the Executive Policy Committee on November 19, 2003.

The application of ITS technology can improve the safety, efficiency and cost-effectiveness of transportation systems. This Plan will provide a basis for incorporating ITS technology into capital improvements plans and integrating ITS technology into the transportation system to address the region's needs.

MPO Committee Recommendation: The Executive Policy Committee recommends approval of the Final Draft Report for the Intelligent Transportation System (ITS) Master Plan for Integration Strategies.
