RE: Wellington Heights Construction Project

I have attached the documents listed below for your review of the activity at the Wellington Heights project.

- Timeline of events
- Air Quality Division Complaint report
- Air Quality Division Inspection report
- Letters
- Outline of emission standard and opacity

I apologize that I am unable to attend this meeting but I have had a vacation planned for the week of the Public Works Committee meeting. As well as conducting some inspections herself, I have informed Marcia Elkins of the activities related to this project and she will be able to answer your questions.
