## MEMORANDUM

TO: Honorable Mayor and City Council

FROM: Joe Jagodzinski, PE

RE: **Assessment Roll for Parkview Drive Extension –  
Project No. ST01-1006**

DATE: 23 August 2004

Submitted herein is the Assessment Roll for costs associated with the above referenced project.

Based upon the final Construction Change Order and the final Pay Request for this project, the total construction cost of the project was \$638,513.83. This cost includes two extra work quantities requested by the adjacent land developers. They will be billed separately. After deleting these costs, the assessable construction costs are \$606,963.33. The portion of this last amount to be paid by the City of Rapid City under the agreement with the School District is \$313,046.69.

I recommend that the remaining \$293,916.64 be accepted as the final construction costs of the project and that a total cost of \$384,367.61 be assessed to the property owners. This final assessed cost includes \$66,577.50 engineering fees, \$5,570.26 interim construction finance fees, and 5% construction engineering fees of \$18,303.22.

Please see the attached Final Assessment Roll that I have prepared. Note that there have been several subdivisions and subsequent changes of ownership that have occurred in the interim. These changes have been accounted for in accordance with the Resolution of Necessity.

Respectfully submitted this 23rd day of August, 2004.
