**Subject:** RE: Red Rock Lift Station

Dear Marcia:

Please consider this as our request to Public Works Committee that the City authorize acceptance of the Red Rock Meadows Lift Station as a City Lift Station. Please place this item on the Agenda for Public Works Committee meeting.

This Lift Station was identified in our layout plat for Red Rock Meadows Subdivision and has been approved as a component of a tax increment district in this area. The location of the lift station was approved as part of the layout plat and will be designed as a regional facility.

Thank you for your help and please let me know if you need any additional information.

Sincerely,  
Hani Shafai

I would suggest that you submit a letter for the Public Works Committee requesting that the City authorize acceptance of the City lift station. If you get it to me today, I will try to get it on next week's agenda as an addendum.

Did you get an answer from Dirk? m

Good Morning Marcia:

Please let me know the procedures to address the stipulation for the lift station being a City lift station. I would like to address that stipulation but I do not know what is required since it is the first time I have seen this come up.

Thanks for the help.

Hani
