

## MEMORANDUM

TO: Mayor and Council  
 DATE: 11-15-05  
 FROM: Theodore J. Vore  
 SUBJECT: Rapid Canyon Sanitary District Annexations

The April 1980, agreement between the City of Rapid City and the Rapid Canyon Sanitary District clearly states; "The District shall not allow the use of the City Wastewater Treatment Plant by anyone not within the boundaries of the Rapid Canyon Sanitary District. It shall not allow anyone within the extensions of the original boundaries to convey sewage or industrial waste to the City Wastewater Treatment Plant without prior written approval of the City."

The exhibit attached hereto identifies parcels that have been annexed since the original agreement and boundaries were accepted. The RCSD did not realize they needed City approval and **are therefore asking for "after the fact" approval.**
