City of Rapid City  
Public Works Committee and Council

RE: Consultant selections for 2006 Geotechnical Investigations, Materials Testing and Quality Assurance Testing.

The City of Rapid City proposes to contract with American Engineering and Testing, Inc. to perform the 2006 Geotechnical Investigations Contract for those projects planned for construction in 2006 and 2007 by the City of Rapid City. This project has a not to exceed budget of \$20,000.00. The Geotechnical Investigation project is required to provide information necessary for design purposes.

The City of Rapid City also proposes to contract with American Technical Services, Inc. to perform the 2006 Materials Investigations of work performed in 2006 by forces other than the City of Rapid City. This project also has a not to exceed budget of \$20,000.00. The Materials Testing project is required to provide data for construction materials Quality Assurance/Quality Control for recently constructed infrastructure.

The City of Rapid City further proposes to contract with FMG, Inc. to perform the 2006 Infrastructure Quality Assurance (QA) Program of recently completed City of Rapid City street paving infrastructure. Likewise, this project has a not to exceed budget of \$20,000.00. This QA project is necessary to provide data for recent construction street pavement specifications and section thickness compliance for recently constructed street pavement.

Respectfully,

Joe Jagodzinski, P.E., Project Manager, Engineering Services, Public Works
