MEMORANDUM

TO: Public Works Committee

FROM: Rodell Grosz, Project Administrator

DATE: June 22, 2006

RE: No. PW062706-07

Staff is requesting that the bids opened on June 15, 2006 for Snow Removal and Lawn Care be rejected and re-advertised because the bids that were received did not meet specifications.

The CSAC Building Committee will meet to review the specifications and provide guidance on the scope of work. When the specifications have been modified to better define the scope of work, a new request for bids will be advertised.
