MEMORANDUM

TO: Public Works Committee
FROM: Theodore J. Vore
DATE: 8-01-06
SUBJECT: Consultant Services

The Public Works Department requests permission to solicit proposals from Consulting Engineers and Surveyors for the following task:

Residents of an area along Wonderland Drive have requested assistance from the City to provide sewer service to their area.

Staff and their Council Representatives have met with them to explain the City assessment process and a probable cost for this service. A letter ballot was sent to all lot owners within a particular area we will refer to as (Area # 5). The results of this vote was 10 yes votes, 4 no votes and 11 non-responses – which we stated would be considered a “No” vote.

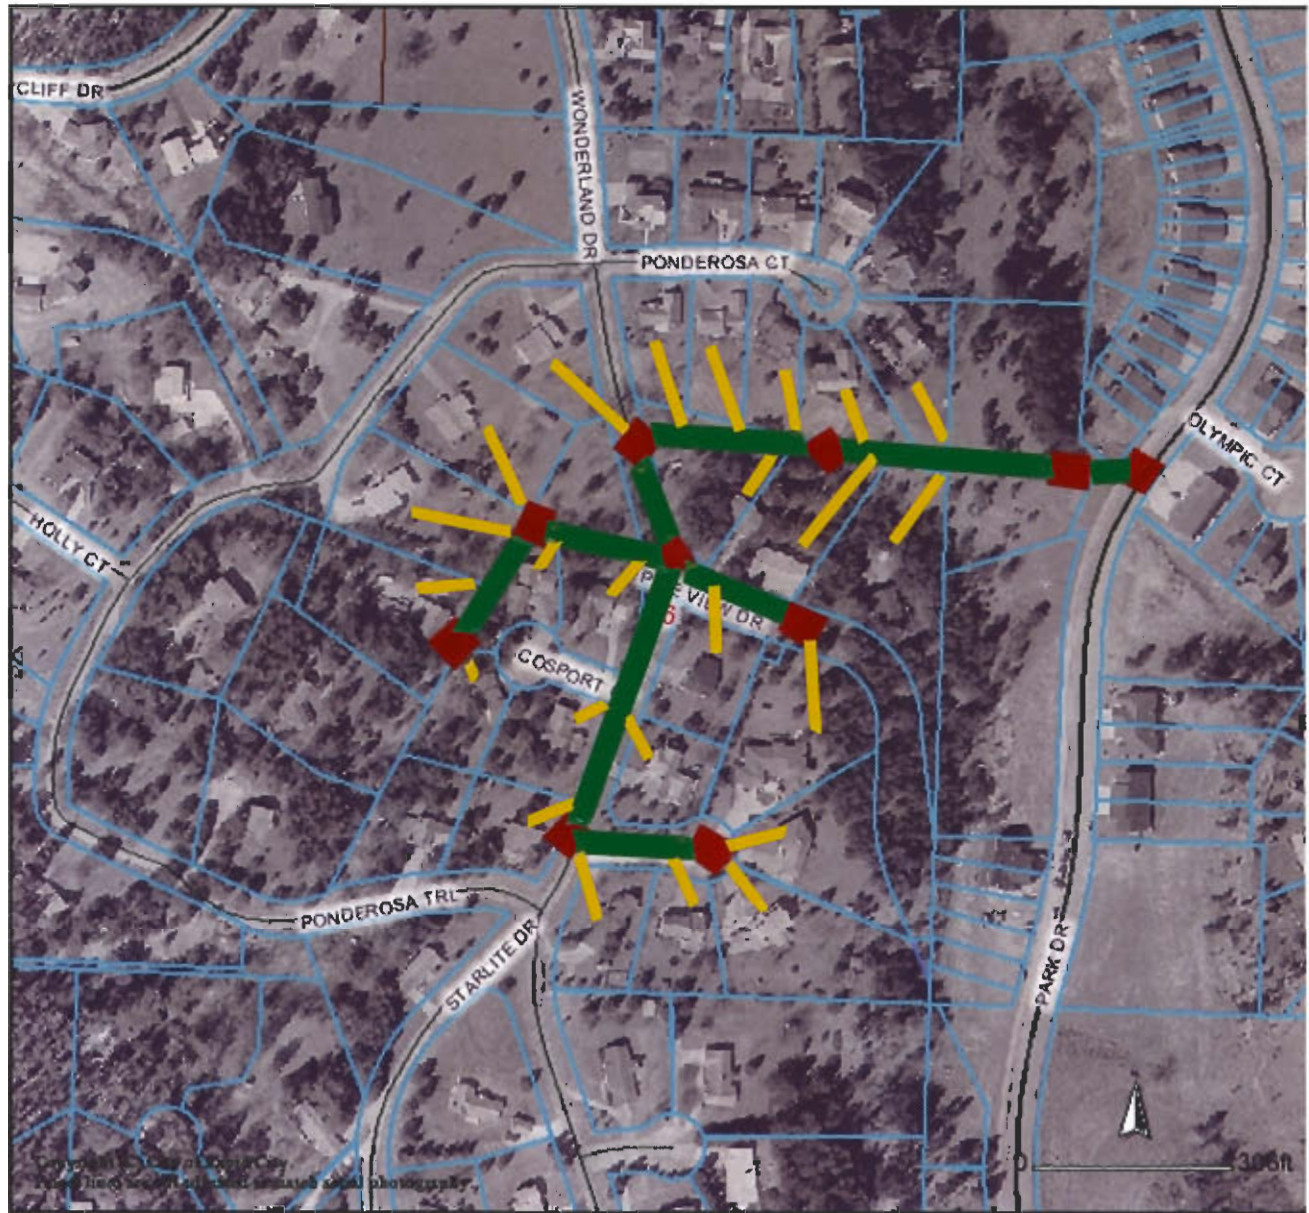

Staff recommends proceeding with a Survey, Design and Cost estimate on a scaled down Area 5 that would accommodate the 10 “yes” votes and obligate either 7 or 10 of the “no” and/or non-response votes.

Representatives of the area will be in attendance of the meeting to answer questions.
