The property which is the subject of this Permanent Utility Easement is legally described as:

As of the date this easement is recorded, no new obstacles, including fences, shrubs, walls, or other items which obstruct the visibility or usefulness of the easement shall be placed in or on the area which is the subject of this easement. Nor shall any existing obstacles be replaced. However, landowners and their heirs, successors, and assigns shall have the free and unrestricted right of access over and across the easement property except as may not be permitted by City of Rapid City code.
