## MEMORANDUM

TO: Dirk Jablonski

FROM: Stacey Titus

SUBJECT: Well #12 and Stoney Creek Booster Station; Project No. W03 - 953  
/ CIP #50318

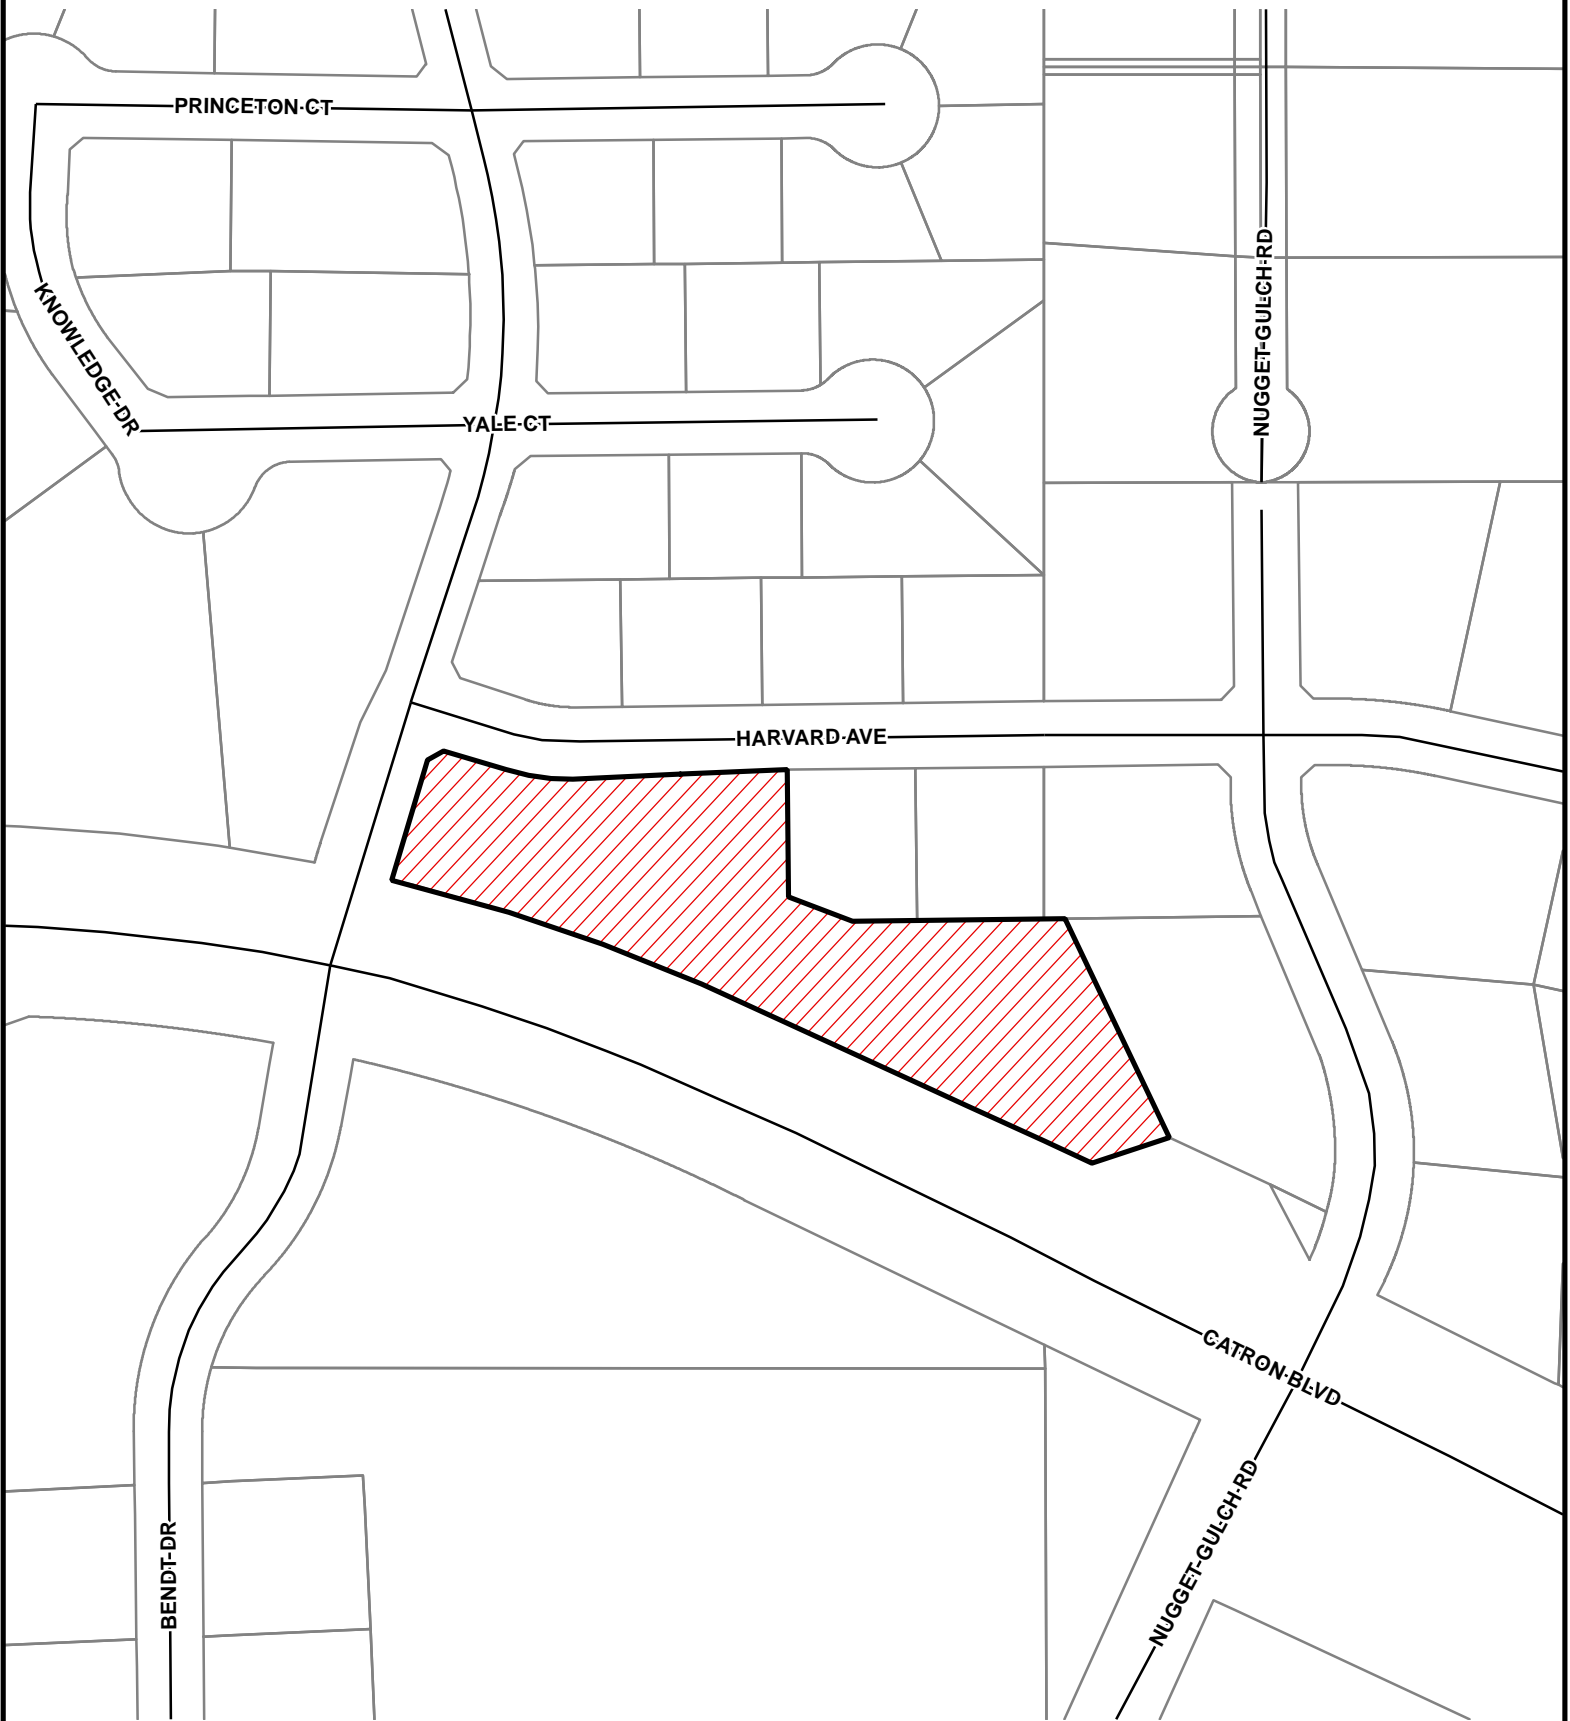

DATE: January 25, 2007

During our project review meeting with CETEC Engineering yesterday (1/24/07), they indicated that they believe that it is in the City's best interest to reduce the requirement, stated in the City of Rapid City Standard Specifications, Section 7, General Conditions, Paragraph 7.40 entitled "Subletting of Contract," that the Contractor must perform 50 percent of the work on the contract. Because the Well #12 and Stoney Creek Booster Station project consists of multiple subcontractor disciplines and no one discipline will likely encompass 50% of the work the Contractors probably will not be able to meet the 50% requirement. Therefore, in order for them to bid we are requesting that this percentage be reduced to 25 percent.
