MEMORANDUM

TO: Public Works Committee

FROM: Dirk Jablonski, Public Works Director

CC: Mayor Shaw

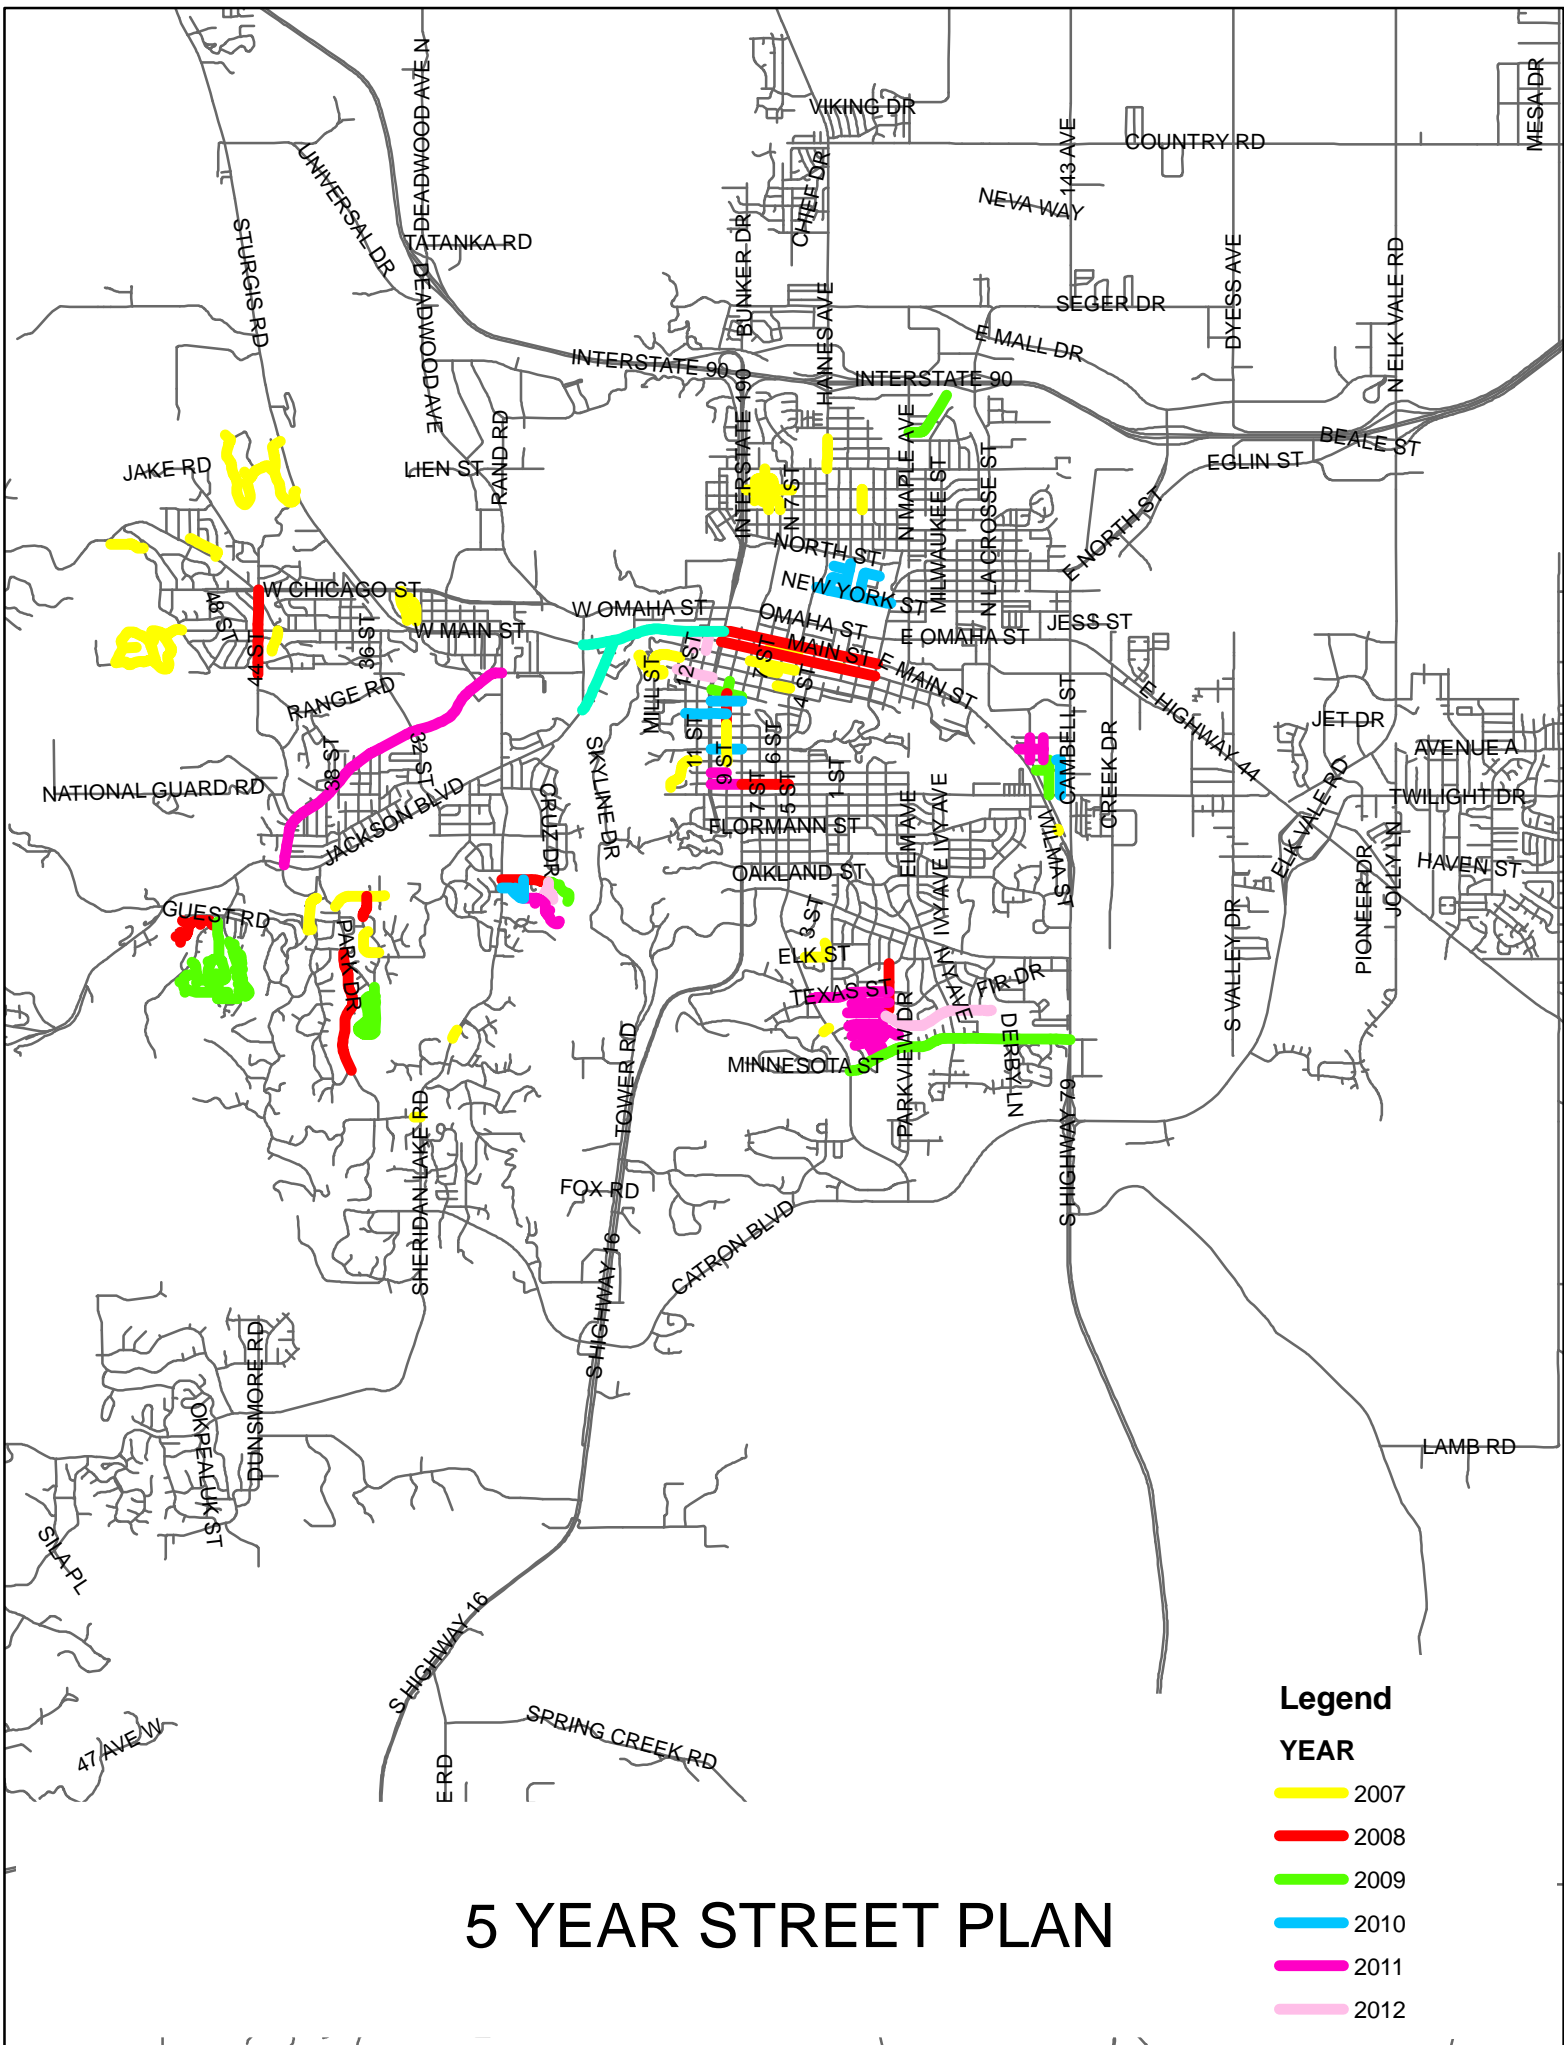

DATE: May 24, 2007

RE: 5 Year Street Rehabilitation Plan

The City Council has expressed interest in knowing which streets were scheduled for rehabilitation. The Public Works Department has assembled a map showing the streets that are scheduled for rehabilitation within the next five years. A list with the names of the streets will be provided by next Tuesday prior to the Public Works Committee meeting. Note that the streets scheduled for the current year, 2007, are definitely scheduled. Those in subsequent years are tentative according to the direction of the Council and public demand.

The Legend at the bottom of the map matches a color and year that each project is proposed to be constructed.

Within 2 weeks this map will be found on Rapid Map. Anyone will be able to bring up the map and click on any highlighted street which will show a blow-up view of that proposed project site. Also on that page there will be a description of the work to be done. There will be a link from the Public Works Department and Engineering Services Division homepage that will instruct you to that map and how to open each project site.

5 YEAR STREET PLAN

Legend

YEAR

- 2007
- 2008
- 2009
- 2010
- 2011
- 2012
