Please find attached the document to initiate permission to advertise for bids for repair of asphalt paving at the Material Recovery Facility (MRF) under the 2008 Solid Waste Division Budget. If you have any questions, please do not hesitate to call me at your convenience.

Department 7103 Material Recovery Facility Operations

Asphalt repair for various paved areas of the MRF and Cocompost Facility. Initial paving was placed in 1995. Paved area was increased in 2003 with the addition of the Cocompost Processing Facility. Paving needs maintenance, surface treatment, and related repairs to prolong the pavement structure and provide serviceable roads and paved areas at the facility. Cost is estimated and budgeted at \$100,000.
