PROPOSED REVISION/ADDITION

- 7. PROPOSED PROGRAM REVISION: Add Project to FY2008
- 8. JUSTIFICATION FOR REVISION: Currently no curb ramps exist in the NW quadrant of this intersection. There is a sidewalk and a staircase extending from the curb and gutter, but there is not an accessible/useable route for pedestrians with disabilities in this quadrant. The City of Rapid City has accepted a site plan that allows a new Starbucks business to build at the existing lot elevation. There is an elevation difference of approximately 4' from the NW quadrant curb and gutter to the lot line. This elevation difference and inaccessible route is requiring the State to upgrade the quadrant to be ADA accessible along the State Highway.

- 10. PROPOSED FUNDING SOURCE: Major Arterial Construction/Reconstruction Projects
