### MEMORANDUM

TO: Rapid City Public Works Committee

FROM: Robert H. Dominicak, Assistant Growth Management Director

DATE: September 15, 2009

RE: Homestead Subdivision Drainage  
at east end of Homestead Street

#### HOMESTEAD SUBDIVISION DRAINAGE

In June staff was directed to meet with the neighbors whose property is adjacent to the Homestead Subdivision detention pond to discuss the drainage issues raised. A meeting was held Friday, June 26, 2006 and a report of that meeting was presented at the June 30, 2009 Public Works Committee meeting. Mr. Jack White asked that this issue be kept open as there were several things that needed to be done or corrected. This item was continued to the July 28, 2009, Public Works Committee meeting. As there had been no response from the Corps of Engineers regarding work to be done in the wetlands area, this item was continued to the September 1, 2009, Public Works Committee meeting.

On August 11, 2009, Kale McNaboe, Sperlich Consulting, Inc. sent an email to the Corps of Engineers representative requesting a site visit and evaluation of placing additional rip-rap in the outfall area to protect an existing retaining wall. Kale McNaboe indicated that as of August 26, 2009, he has not received a reply from the Corps of Engineers representative regarding a site visit.

**This item was continued from the September 1, 2009, Public Works Committee meeting. Kale McNaboe indicated that as of September 9, 2009, he has not received a reply from the Corps of Engineers representative regarding a site visit and allowing the work in the wetlands area as discussed at the June site visit.**

**Recommendation: Staff recommends that this item be continued to the December 10, 2009 Public Works Committee meeting to allow the parties to coordinate a site visit.**
