MEMORANDUM

TO: Planning Commission

FROM: Monica Heller, Community Planning Coordinator

DATE: March 2, 2010

RE: Amendment #10-003R to the 2010-2014 Transportation Improvement Program

Attached for your review and approval is Amendment #10-003R to the 2010-2014 Transportation Improvement Program. This amendment has been requested by the South Dakota Department of Transportation. This amendment would add the completion of Exit 52 and the eastbound lanes on I90 and the eastbound Service Roads in Blackhawk in 2010. This project was anticipated to be completed in 2009, but due to some issue with the multiplate over the railroad, this project will not be completed until 2010.

EXECUTIVE POLICY COMMITTEE RECOMMENDATION: The Executive Policy Committee recommends approval of the 2010-2014 Transportation Improvement Program Amendment #10-003R.
