Public Works Committee/Common Council

RE: Request Authorization to Seek Proposals for Engineering Services for
County Heights Drainage Basin Design Plan Update, Project 1870, CIP # 50757

The original drainage basin design plan for the County Heights Drainage Basin was written in 1990. Development in the basin has outgrown the design plan and it needs to be updated.

Staff proposes to hire a Consultant to update the drainage basin design plan.

This project is included in the 2010 CIP for Drainage. The project budget is \$50,000. Staff proposes to select a consultant for the project in 2010.

Dale Tech, PE
City Engineer

Cc: Robert Ellis, Public Works Director
