Re: Request Authorization to Seek Proposals for East Signal Drive Reconstruction Project 12-2052 / CIP Number 50949

This project is located in E. Signal Drive and Crescent Drive.

The project includes reconstruction of the water mains, sewer mains, water service lines, sewer service lines, and streets.

The project is needed to replace the existing cast iron water mains, vitrified clay sewer mains and pavement which are in poor condition and have reached the end of their useful life.

Staff proposes to hire a Consultant Engineer to be responsible for designing the project, providing bidding services, and providing construction observation, administration, and project closeout.

The project is funded from the Streets, Drainage, Water Enterprise Fund and the Sewer Enterprise Fund. The project is estimated to cost \$1,375,000 which includes design and construction costs.

Staff proposes to bid and construct the project in 2014.

Dale Tech, PE/LS
City Engineer
