RE: Claim Number: ESK2789
 Claimant: Don Bunker and Ken Edel
 Insured: City of Rapid City, A Public Entity
 Date of Loss: 12/08/2011

Dear Mr. Bunker and Mr. Edel:

The Travelers Indemnity Company is the General Liability carrier for City of Rapid City. In that capacity we acknowledge receipt of your damage claim.

Based upon the information received and our investigation of your claim, we have found that the anode beds that caused the corrosion to the sewer line is the property of Montana Dakota Utilities (MDU) and not the City. The water installation project under contractor's control and the contract does hold harmless the City harmless for any damages while the work is under the contractor's control.

The Contractor's information is:
R.C.S. Construction, Inc.
P.O. Box 9337
Rapid City, SC 57709
Tel: 605-342-3787

Therefore, we must deny this claim again the City of Rapid City based on lack of negligence and respectfully suggest you file your claim with Montana Dakota Utilities (MDU).

Sincerely,

Gloria Pope
