## MEMORANDUM

TO: Public Works Committee, Mayor Kooiker & City Council

FROM: Dale Tech, P.E./L.S.

SUBJECT: **Request from Tom Udager for a Waiver of Regulations to repair or replace his septic system – PW091013-10**

DATE: December 31, 2013

At the October 29, 2013 Public Works Committee meeting, Mr. Udager requested a Waiver of Regulations to allow the failing on-site wastewater system located at his residence to be repaired or replaced. The Public Works Committee requested that additional information be gathered.

State personnel from the South Dakota Geological Survey observed a profile hole and completed a field review of Mr. Udager's property. Based on the findings, the South Dakota Department of Environment and Natural Resources has determined the residence must connect to City sanitary sewer. The field report and letter are attached for your review.

City staff recommends the failing on-site wastewater system be abandoned and that the home is connected to City sanitary sewer.
