MEMORANDUM

TO: Public Works Committee/Rapid City Council

FROM: Karl Merbach, Superintendent

SUBJECT: Yardwaste Compost Sale- March & April 2014

CC: Terry Wolterstorff

DATE: February 4, 2014

With the snow and unseasonal weather this past fall, many residents did not have an opportunity to obtain late season compost for their gardens & flower beds. Because of this, we have processed and have available a significant supply of 3/8" yardwaste compost. The Solid Waste Staff is requesting approval to hold a promotion in March and April for a compost sale where the **3/8 yardwaste would be half price or \$10/ton**. This would help us both move the existing stockpile and help promote compost to the community.

This price is established in the Solid Waste rate resolution, therefore requires City Council approval for this change. We are starting our spring information program, including clean up week and would like to include this in the information in our promotions.
