Pendo's Construction

Re: Rapid City Storm Recovery Reroof Project

Please be advised that we regret to inform you that the 15 Year No Dollar Limit Weatheright Warranty required for the Rapid City Storm Recovery Reroof Project is no longer eligible. This is due to the roofing contractor, Pendo's Construction, lack of communication and their continued inability to follow the approved installation details. Sheffield Metals has tried to work with Pendo's Construction to resolve the installation issues on this project with no cooperation from Pendo's. If you should have any questions please feel free to contact me.

Regards

Jim
