

PETITION

DATE: March 12, 2005
 Re: File No. 04CA032
 TO: RAPID CITY COUNCIL

We, the undersigned concerned citizens of Rapid City, do hereby protest against any amendment to the Comprehensive Plan adopting the U.S. Highway Neighborhood Area Future Land Use Plan on property located north of Cathedral Drive, south along U.S. Highway 16 approximately one mile either side of U.S. Highway 16 to south of Reptile Gardens, which would change the zoning of property proposed as Commercial property to any classification other than Neighborhood Commercial with Planned Commercial Development.

We, the undersigned, feel this area needs to be preserved as a scenic Gateway to the Black Hills. The beauty of this area is a perfect and natural transition from the city of Rapid City into the Black Hills. There is a need to develop this area with smart development including reasonable building codes, providing parks, greenspaces, bike paths, impact studies of environmental, sewage and traffic, preservation of drainage basins, etc. so the natural beauty is preserved for future generations. Once gone, it is lost forever.

Thank you for your support in this matter.

 Re: File No. 04CA032
 TO: RAPID CITY COUNCIL

We, the undersigned concerned citizens of Rapid City, do hereby protest against any amendment to the Comprehensive Plan adopting the U.S. Highway Neighborhood Area Future Land Use Plan on property located north of Cathedral Drive, south along U.S. Highway 16 approximately one mile either side of U.S. Highway 16 to south of Reptile Gardens, which would change the zoning of property proposed as Commercial property to any classification other than Neighborhood Commercial with Planned Commercial Development.

We, the undersigned, feel this area needs to be preserved as a scenic Gateway to the Black Hills. The beauty of this area is a perfect and natural transition from the city of Rapid City into the Black Hills. There is a need to develop this area with smart development including reasonable building codes, providing parks, greenspaces, bike paths, impact studies of environmental, sewage and traffic, preservation of drainage basins, etc. so the natural beauty is preserved for future generations. Once gone, it is lost forever.

Thank you for your support in this matter.

We, the undersigned, feel this area needs to be preserved as a scenic Gateway to the Black Hills. The beauty of this area is a perfect and natural transition from the city of Rapid City into the Black Hills. There is a need to develop this area with smart development including reasonable building codes, providing parks, greenspaces, bike paths, impact studies of environmental, sewage and traffic, preservation of drainage basins, etc. so the natural beauty is preserved for future generations. Once gone, it is lost forever.

Thank you for your support in this matter.

 Re: File No. 04CA032
 TO: RAPID CITY COUNCIL

We, the undersigned concerned citizens of Rapid City, do hereby protest against any amendment to the Comprehensive Plan adopting the U.S. Highway Neighborhood Area Future Land Use Plan on property located north of Cathedral Drive, south along U.S. Highway 16 approximately one mile either side of U.S. Highway 16 to south of Reptile Gardens, which would change the zoning of property proposed as Commercial property to any classification other than Neighborhood Commercial with Planned Commercial Development.

We, the undersigned, feel this area needs to be preserved as a scenic Gateway to the Black Hills. The beauty of this area is a perfect and natural transition from the city of Rapid City into the Black Hills. There is a need to develop this area with smart development including reasonable building codes, providing parks, greenspaces, bike paths, impact studies of environmental, sewage and traffic, preservation of drainage basins, etc. so the natural beauty is preserved for future generations. PETITION

DATE: March 12, 2005
 Re: File No. 04CA032
 TO: RAPID CITY COUNCIL

We, the undersigned concerned citizens of Rapid City, do hereby protest against any amendment to the Comprehensive Plan adopting the U.S. Highway Neighborhood Area Future Land Use Plan on property located north of Cathedral Drive, south along U.S Highway 16 approximately one mile either side of U.S. Highway 16 to south of Reptile Gardens, which would change the zoning of property proposed as Commercial property to any classification other than Neighborhood Commercial with Planned Commercial Development.

We, the undersigned, feel this area needs to be preserved as a scenic Gateway to the Black Hills. The beauty of this area is a perfect and natural transition from the city of Rapid City into the Black Hills. There is a need to develop this area with smart development including reasonable building codes, providing parks, greenspaces, bike paths, impact studies of environmental, sewage and traffic, preservation of drainage basins, etc. so the natural beauty is preserved for future generations. Once gone, it is lost forever.

Thank you for your support in this matter.

PETITION

DATE: March 12, 2005
 Re: File No. 04CA032
 TO: RAPID CITY COUNCIL

We, the undersigned concerned citizens of Rapid City, do hereby protest against any amendment to the Comprehensive Plan adopting the U.S. Highway Neighborhood Area Future Land Use Plan on property located north of Cathedral Drive, south along U.S. Highway 16 approximately one mile either side of U.S. Highway 16 to south of Reptile Gardens, which would change the zoning of property proposed as Commercial property to any classification other than Neighborhood Commercial with Planned Commercial Development.

We, the undersigned, feel this area needs to be preserved as a scenic Gateway to the Black Hills. The beauty of this area is a perfect and natural transition from the city of Rapid City into the Black Hills. There is a need to develop this area with smart development including reasonable building codes, providing parks, greenspaces, bike paths, impact studies of environmental, sewage and traffic, preservation of drainage basins, etc. so the natural beauty is preserved for future generations. Once gone, it is lost forever.

Thank you for your support in this matter.

Re: File No. 04CA032
TO: RAPID CITY COUNCIL

We, the undersigned concerned citizens of Rapid City, do hereby protest against any amendment to the Comprehensive Plan adopting the U.S. Highway Neighborhood Area Future Land Use Plan on property located north of Cathedral Drive, south along U.S. Highway 16 approximately one mile either side of U.S. Highway 16 to south of Reptile Gardens, which would change the zoning of property proposed as Commercial property to any classification other than Neighborhood Commercial with Planned Commercial Development.

We, the undersigned, feel this area needs to be preserved as a scenic Gateway to the Black Hills. The beauty of this area is a perfect and natural transition from the city of Rapid City into the Black Hills. There is a need to develop this area with smart development including reasonable building codes, providing parks, greenspaces, bike paths, impact studies of environmental, sewage and traffic, preservation of drainage basins, etc. so the natural beauty is preserved for future generations. Once gone, it is lost forever.

Thank you for your support in this matter.

We, the undersigned, feel this area needs to be preserved as a scenic Gateway to the Black Hills. The beauty of this area is a perfect and natural transition from the city of Rapid City into the Black Hills. There is a need to develop this area with smart development including reasonable building codes, providing parks, greenspaces, hike paths, impact studies of environmental, sewage and traffic, preservation of drainage basins, etc. so the natural beauty is preserved for future generations. Once gone, it is lost forever.

Thank you for your support in this matter.

Re: File No. 04CA032
TO: RAPID CITY COUNCIL

We, the undersigned concerned citizens of Rapid City, do hereby protest against any amendment to the Comprehensive Plan adopting the U.S. Highway Neighborhood Area Future Land Use Plan on property located north of Cathedral Drive, south along U.S. Highway 16 approximately one mile either side of U.S. Highway 16 to south of Reptile Gardens, which would zone the property proposed as Commercial property to any classification other than Neighborhood Commercial with Planned Commercial Development.

We, the undersigned, feel this area needs to be preserved as a scenic Gateway to the Black Hills. The beauty of this area is a perfect and natural transition from the city of Rapid City into the Black Hills. There is a need to develop this area with smart development including reasonable building codes, providing parks, greenspaces, bike paths, impact studies of environmental, sewage and traffic, preservation of drainage basins, etc. so the natural beauty is preserved for future generations. Once gone, it is lost forever.
