MEMORANDUM

TO: Mayor and City Council

FROM: Joel P. Landeen, Assistant City Attorney

DATE: 3/23/09

RE: Parking Ordinance

Staff has linked several items to the agenda for the special council meeting. They are:

ITEM #1 ON THE AGENDA

1. The ordinance as approved by the Council at First Reading. I have shown the changes from the ordinance as originally proposed by underlining new language and showing the language which has been struck out. The main difference between this ordinance and the one proposed at First Reading is the removal of the first section which established the two hour parking zone. By striking out that provision I needed to move two parking lots into a later section and also make some changes to the residential permits.
2. The ordinance as recommended by the Downtown Parking Committee. This is the version of the ordinance prior to being amended at First Reading.
3. A map showing the proposed meter locations/parking zones recommended by the Downtown Parking Committee.
4. A map showing the current parking zones in downtown.
5. Any written public comment received by Growth Management up to March 20, 2009.

ITEM #2 ON THE AGENDA

1. The resolution establishing the duration of the meters at the various locations in downtown and the rate to be charged at the meters. This resolution is referred to in the ordinance.

2. A map actually showing the duration and location of the meters in the meter parking zone as approved by the Council at First Reading.
