**Subject:** 50 Meter Pool

Dear Honorable Mayor Alan Hanks and City Council Members:

The Rapid City RACERS take no position as to the building location of the proposed 50 meter competitive tank pool. There are excellent reasons for both the proposed Horace Mann and Roosevelt sites. The RACERS only concern is that the competitive pool be built. However, our position is that the competitive pool should be completed before the current Horace Mann pool is dismantled and the leisure pool built. Thank you to Mayor Alan Hanks and the City Council for their time and consideration in this matter.
