

# **Crisis Care Center**

#### Vision 2012 Update

# Black Hills Mental Health & Substance Abuse Collaborative

- Following information received through the 2007 Black Hills Community Needs Assessment, the formation of the Mayor's Task Force on Strengthening Families, and the alarmingly high increase in the number of completed suicides in Pennington County
  - A system needed to be developed in our community whereby access to intermittent, crisis care is more easily obtainable than long-term, low-level care
- The Collaborative was formed in 2009 to begin addressing the MH & SA needs in our community

#### Agencies Represented in Collaborative

- Pennington County Sheriff's Office
- Rapid City Police Department
- Catholic Social Services
- Lutheran Social Services
- Youth & Family Services
- United Way of the Black Hills
- Pennington County Health and Human Services
- Wellspring

- Black Hills Center for American Indian Health
- Pennington County Juvenile Diversion Program
- National Alliance for the Mentally III (NAMI)
- Northern Hills Alcohol & Drug Program
- Cornerstone Rescue Mission

Mental Health and Substance Abuse Collaborative Findings

•The key to a successful Crisis Care Center is community support and involvement

•The Center must improve access to affordable and effective mental health and substance abuse services at the right time at the right place.

# The Crisis Care Center provides:

- Safe and confidential support for individuals needing crisis assistance
- 24/7 face-to -face access to a qualified mental health professional (QMHP) with walk-in behavioral health crisis intervention service
- On site crisis intervention assessment, with information and case management available for referral and follow up for behavioral health and substance abuse services as well as all life domain services (medical, financial, social services, housing, transportation)
- Utilize community partners for education on mental health and substance abuse issues to improve awareness and access prior to the crisis state
