MEMORANDUM

TO: Legal and Finance Committee

FROM: Brad Solon, Building Official

DATE: June 20, 2011

SUBJECT: State of South Dakota Wiring Bulletin - Fee Increase - 2011

In January 2011 the South Dakota State Legislature passed new legislation changing the State Electrical Wiring Bulletin Fee Schedule. The Electrical Fee changes affect all electrical permit fees in the State of South Dakota. The fee schedule changes become effective July 1, 2011.

The fee changes are:

| | |
|------------------|------------------|
| Minimum | \$50 |
| 0-200A Service | \$75 |
| 201-400A Service | \$100 |
| SFD 100-200A | \$135 |
| SFD 201-400A | \$275 |
| SFD 401A and up | \$300 |
| Apartments | \$35/unit |
| Mobile Home | \$50 (No Change) |
| Sign Permit | \$50 |
| Affidavit | \$10 |

Essentially, the State Electrical fees nearly doubled. For the City of Rapid City the result of this legislation will cause an increase in revenue for fee codes 3212 and 3219. For all of these fees, only the \$10 Affidavit is passed on to the State Electrical Commission.

Please contact Brad Solon 394-4157, if you have any questions.

Also, for areas in the State outside the City of Rapid City, please contact the State Electrical Commission at 1-800-233-7765.
