Public Works Committee/Common Council

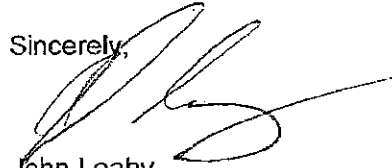

RE: Request Authorization to Seek Proposals for Environmental Monitoring Services for Required Monitoring at the Landfill. Project No. LF11-1975.

Project is a five year, annual renewal, environmental monitoring contract to provide the landfill with all required monitoring and reporting of ground water, surface water, waste water, compost, petroleum contaminated soils, landfill gas, and soils. Environmental monitoring contract is a five year contract to provide the City with consistency in the environmental monitoring for a period of five years. The contract is subject to annual renewal if the City is dissatisfied with the monitoring services. The monitoring work within this project is required under the Resource Conservation and Recovery Act (RCRA) Code of Federal Regulation (CFR) 40 Subtitle D which outlines the operation requirements for Municipal Solid Waste Landfills.

Staff proposes to hire a consultant to provide services for this contract.

The project is funded from the Landfill Enterprise Fund Department 7102 Fund 615. Project budget is anticipated to be approximately \$55,000 annually for the duration of the contract.

Sincerely,

John Leahy
Landfill Supervisor
City of Rapid City

CC:Dale Tech, Acting Public Works Director
