SUBJECT: PW110111-25 Country Club Metering Dam
DATE: December 19, 2011

City Staff met with the property owners affected by the metering ponds located along Country Club Drive to discuss their concerns and expectations for maintenance of the ponds. Both property owners were in agreement that the ponds should stay in place and should be dredged to remove excess silt and debris that has accumulated in the ponds. The City of Rapid City will scope a project to maintain the ponds and recommend the project be included into the Drainage Capital Improvement Plan for 2012.
