Public Works Committee/Common Council

RE: Request Authorization to Seek Proposals for Professional Services for
2011 Storm Damage Recovery Project, GB12-2016/CIP# 50903

Staff proposes to hire a Consultant to manage the replacement of various roofs of City buildings due to hail storm damage that occurred in 2011. The Consultant will be responsible for developing a bid package to repair the damage that was identified by insurance adjusters. The Consultant will also provide construction administration services to insure the work is done per the bid package and current standards.

Funding of the professional services will be provided for as part of the claim by the City's insurance carrier.

Staff proposes to bid and construct the project in 2012.

Dale Tech, PE/LS
City Engineer

Keith L'Esperance
Risk Management/Training
