MEMORANDUM

TO: Public Works Director and City Council

FROM: D.LaFrance, Project Manager

SUBJECT: Acceptance of Tatanka Road and Harley Drive from DOT
CIP 50354 (STO3-1253)

DATE: March 22, 2005

Joel Jundt, DOT Operations Engineer, has requested that the City take over the right-of-way and street maintenance for this completed project.

This project was originally entitled Lange Road Relocation at Exit 55 (Deadwood Ave.).

The DOT has stated that punchlist items have now been completed for the project. A resolution should be prepared accepting this street segment into the City's street network.

Note: Vegetation has not yet been established within the right-of-way and other work limits for the project. The DOT policy does not allow monies to be retained on the contract until vegetation takes hold, which is different from the current City policy.
