Re: All Nations statue proposal for Halley Park.

To Whom it may concern:

I am sending this letter to voice my concerns regarding the statue proposal for Halley Park. This location, in the middle of a 2-lane 3-lane Highway, seems very dangerous to me. There is very little parking available and it could be distracting for motorists causing accidents.

I think the statues are a good idea, but not in this location. It is unfortunate that a city council member promised any location for this before it was approved by the proper channels. This is causing many hard feelings.

Thank you,
